FREEHOLD

FlexEdge Factories

Energise your enterprise

Not Just a Factory; It's Your Next Big Move

Designed for today's SMEs, these smart, standalone factories offer seamless access and operational freedom.

The front façade is built with intent to flex, adaptable to your vision of a HQ or a warehouse. Inside, office space is arranged in the front, with three functional zones: mezzanine office, level 1 office and rooftop space.

Artist's Impression

Whatever You Need it to Be

Tall windows and high ceilings flood the space with natural light and open up endless possibilities, be it a retail reception, product showcase, modern office, or co-working hub. The office areas can also be partitioned to include a café or lunch bar, offering convenience and accessibility.

Artist's Impression

Site Plan

Low Density by Design

Activus TechPark houses 49 units of FlexEdge Factories across 56 acres, creating an open and pleasant environment that helps redefine how growth works for modern SMEs.

The industrial space spans an impressive 225 feet from front to rear, with a generous rear ridge height of 12m (40') from the ground, offering maximum freedom for your operations.

Loading bays sit right up front, making drop-offs and pickups a breeze. And the rooftop is not just a roof; it's a rare chance to bring green thinking and vibrant experiences to your business arena.

Front Section

30' Wide Loading Bay with Motorised Roller Shutter

300 AMP Power Supply

40' Ridge Height at Rear Industrial Space

70' wide Column-Free Industrial Space

4 Units of 5m-wide Sliding Side Doors

Ground Level Loading 30kN/m² (Rear Industrial Space)

Ground Level Loading 15kN/m² (Front Industrial Space)

Upper Office Level Loading 3kN/m²

Solar Panels

Existing Gas Pipeline (within 250m)
